

WALK A WHILE NEWS – 22 July 2015

First High Tea – a Great Success

Another terrific fund-raising concept has been initiated by the lovely Rhonda and her friend, Leona. They hosted a High Tea invited their friends to savour a host of culinary delights. They asked those who attended to make a donation to Walk a While's Help Raise the Cross project, and then Rhonda and Leona equipped those ladies to go out and duplicate the idea amongst their own friends and colleagues.

Rhonda and Leona's first High Tea was a thorough success. It brought together ladies from three different Churches who all embraced this exciting project of raising the Cross in the heart of our nation and who contributed funds towards the project.

After a delicious afternoon tea and a detailed presentation from the website, all the ladies were enthusiastic and ready to share the vision. They left fully equipped to navigate their way through the website and access information, videos, a specially written song and to see the HOLY SPIRIT FIRE painting with the words of the artist that so beautifully encapsulate the vision.

We really need people like Rhonda and Leona – people who can catch the vision ... and run with it. We've been told these two amazing ladies intend to host monthly events and have planned a **Soup Luncheon** for early August followed by a **Pizza Evening** towards the end of August – how's that for commitment!!!

We are so grateful to these two lovely ladies for coming up with this concept and then executing it so well. It's something that virtually anyone can do.

Hosting a **High Tea / Soup Luncheon / Pizza Evening** is a very affordable way to create a groundswell of interest and support so the vision of our indigenous brothers and sister to raise the Cross can be realised. We encourage you to support this initiative by hosting an event to raise funds, awareness and support for this important vision.

Thank you Rhonda and Leona for your faith, energy and commitment to this important project.
